River Medway – Chatham Reach Chatham Historic Dock Filming Project

Notice is hereby given that a filming project is due to take place at Chatham Historic Dock. The project entitled “The Blue Oasis” is due to be filmed on consecutive evenings between 24th September 2025 and 26th September 2025. During the operation, two barges will be positioned close to the shoreline as shown below to assist with illuminating the main area of shooting which will take place within the hatched area. Lights from the barges will be focussed towards the shore and will not interfere directly with river traffic, however, river users should be aware that the filming will create a high level of light intensity that may affect parts of Chatham Reach

All vessels passing Chatham Historic Dock during the filming period should navigate with caution and be aware of the increased lighting in the vicinity.
